

Shashank Shukla

Senior DevOps / Platform / SRE Engineer

 Shashank Shukla  Portfolio  +91 77376 02733  shashank.shukla1202@gmail.com  Bangalore, India

Profile

DevOps / Platform / SRE engineer with 5+ years designing, building and operating **production platforms on AWS, GCP and Kubernetes**. Built a **private-cloud delivery platform, AI-driven incident response** and self-hosted AI infrastructure; strong in **reliability, observability, cost optimization and security**. Led DevOps teams at Nielsen and Conga.

Experience

Nielsen | Bangalore, India

Senior DevOps Engineer | Jun 2025 – Present

- **Private-cloud deployment platform:** built from scratch to ship the full product into each customer's **AWS or GCP account from one config file** (Pulumi, Terraform, Argo CD); cut deploys from **6–7 hours to 48 minutes** for 4 live customers.
- **AI incident response:** Amazon Bedrock LLMs triage Prometheus alerts, **auto-resolve ~60% of Kubernetes alerts** via runbooks and escalate the rest with context.
- **Self-hosted SLMs on EKS:** 2 models run as a fleet via a custom Kubernetes CRD, at **~4x lower cost**.
- **Observability & incident management:** built the Prometheus, Alertmanager, Loki and Grafana stack and rolled out **incident.io** for alert routing, incident response and on-call support rotations.
- **Led a 4-member DevOps team** supporting 5–6 application teams; owned GitLab CI, JFrog Artifactory + Vault and a Docusaurus developer portal.
- **Real-time Ads platform:** designed for **<10ms latency** via ScyllaDB/Aerospike POCs, AWS Local Zones & Global Accelerator.
- **EKS reliability across 8+ clusters:** zero-downtime v1.32→v1.34 upgrades, NodeLocalDNS, Node Problem Detector, Registry Proxy Cache and blue-green deployments; node memory swap **cut OOM kills ~70%**.
- **Cut infrastructure costs 25–40%** by consolidating 20+ ALBs behind NGINX Ingress, adopting Graviton ARM with multi-arch builds and right-sizing Karpenter.
- **Security:** Kyverno policies, Vault dynamic secrets (K8s + STS auth); led CrowdStrike remediation in 15+ AWS accounts.

Conga | Bangalore, India

Senior DevOps Engineer | Apr 2024 – Jun 2025

- **Led a 6-member DevOps/SRE team**, setting deployment standards, runbooks and Site Reliability practices.
- **Architected** KEDA-based autoscaling for **NGINX** (via Prometheus) and **AWS SQS consumers**, optimizing resource usage.
- **Developed** a SaaS API platform with **FastAPI (60+ endpoints)**; implemented CI/CD with canary rollouts.
- **Engineered** a Python-based workflow orchestration tool for data migration, increasing automation coverage by 80%.

DevOps Engineer | Apr 2023 – Mar 2024

- **Automated** infrastructure using **Terraform**, enabling HA & scaling; reduced release cycles from **2 weeks to 3 hours**.
- Deployed the **observability stack and Doppler** for secrets management; reduced MTTR by 50%.
- Orchestrated microservice **deployments** for **React, Angular, Java and Python** apps, reducing deployment time by 60%.

Associate DevOps Engineer | Jul 2021 – Mar 2023

- Created **templated Helm charts**, cutting deployment setup time by 40%.
- Automated **CI/CD pipelines** using **Jenkins, Groovy & Shell scripts**.

Skills

Cloud & Kubernetes: AWS (EKS, EC2, ALB, SQS, MSK, Bedrock), GCP, Kubernetes, Karpenter, KEDA, Helm, Docker

IaC, GitOps & CI/CD: Terraform, Pulumi, Argo CD, GitLab CI, Jenkins, JFrog Artifactory, Helm

Observability & SRE: Prometheus, Alertmanager, Grafana, Loki, CloudWatch, incident.io, on-call & incident management

AI / LLMops: Amazon Bedrock, self-hosted SLMs on EKS, Kubernetes CRDs, runbook automation

Security: Kyverno, HashiCorp Vault, AWS STS, CrowdStrike

Languages & Data: Python, Go, Bash · Kafka/MSK, Redis, MongoDB, ScyllaDB, Aerospike

Education

B.Tech in Computer Science and Engineering | Jul 2017 – Jun 2021 

Bangalore

M.S. Ramaiah University of Applied Sciences | **CGPA: 9.0**

Certifications & Talks

- Certified Kubernetes Administrator (CKA)
- HashiCorp Certified: Terraform Associate
- Talk on scalable Kubernetes architecture at an internal engineering conference (200+ attendees)
